The profoundly inspiring and fully documented saga of Joan of Arc, the young peasant girl whose "voices" moved her to rally the French nation and a reluctant king against British invaders in 1428, has fascinated artistic figures as diverse as William Shakespeare, Mark Twain, Voltaire, George Bernard Shaw, Bertolt Brecht, Carl Dreyer, and Robert Bresson. Was she a divinely inspired saint? A schizophrenic? A demonically possessed heretic, as her persecutors and captors tried to prove? Every era must retell and reimagine the Maid of Orleans's extraordinary story in its own way, and in *Joan of Arc: A Life Transfigured*, the superb novelist and memoirist Kathryn Harrison gives us a Joan for our time—a shining exemplar of unshakable faith, extraordinary courage, and self-confidence during a brutally rigged ecclesiastical inquisition and in the face of her death by burning. Deftly weaving historical fact, myth, folklore, artistic representations, and centuries of scholarly and critical interpretation into a compelling narrative, she restores Joan of Arc to her rightful position as one of the greatest heroines in all of human history.

Learn how to focus your ministry's programs and services on the elderly By 2030, 20% of the people living in the United States will be age 65 or older, with unique spiritual needs that can affect their physical and mental well-being. Ministering to Older Adults answers the critical need for a ministry that doesn't center primarily on youth and families in its outreach, instead presenting a step-by-step guide to developing a ministry for the aged that is focused on the needs and resources of each congregation. This program has been used effectively with nearly 50 congregations, both large and small, to create a focused older adult ministry. No two congregations are alike. The resources, perspectives, and skills of each congregation are different, as are the needs of its members. Ministering to Older Adults provides a framework for use by planning groups within communities of any religious tradition. The book presents a process that includes essential questions that allow planning groups to develop answers that fit the needs, cultural, history, and structure of their individual congregations. Ministering to Older Adults is divided into three sections: "The Fundamentals"—defining your audience, your mission, and the skills and existing programs that can be brought to the planning process "Programming Possibilities"—spiritual needs based on the aging process, continued learning for older adults, opportunities to serve and be served, providing quality pastoral care, and community building "Putting it All Together"—deciding on a direction, using desired outcomes for evaluation, establishing target dates, and ongoing evaluation Ministering to Older Adults also includes forms and charts to help in the planning process. The book is an invaluable resource for clergy, ministry committees and planning groups, and staff persons responsible for older adult ministries.

First published in 1979 as the "Moto-X Fox Guide to Preparing the Yamaha YZ and IT for Competition," this 64-page book was written and photographed by famed 1970's Cycle News editor, racer and motocross journalist Jim "Jimmy the Greek" Gianatsis. It covers the development and racing history of the Yamaha 2-stroke and 4-stroke motocross and enduro bikes from the DT models raced by the Don Jones family in the early 1970s, through to the exotic YZ, OW and TT-500 machines raced by Hakan Andersson, Pierre Karsmakers and Bob "Hurricane" Hannah up to 1979. Included is race bike preparation information from famed Yamaha factory rider Bob Hannah, his mechanic Keith McCarty, the top privateer Moto-X Fox Racing Team, as well as privateer mechanic Bevo Forte. There is also a section on IT model enduro bike preparation by Yamaha motocross and ISDT rider Chris Carter. Included is "Riding with the Hurricane" an eight chapter racing instruction guide with photos that Jim produced with Bob Hannah that was originally printed in Cycle News as a weekly series in 1978. Preparing the Yamaha YZ and IT for Competition is a classic dirt bike technical, tuning and riding manual that has been out of print and unavailable for 30 years. It serves as very interesting reading and a great historical reference guide for dirt bike fans both young and old. Many of the bike preparation and riding tips are still relevant today. A must have for any dirt bike enthusiast or collector.
