Adventures from the Psyplex

Autobiography describing my life choices and how they relate to my overall evolution. Hopefully this will be enlightening to some and engaging to all above inspirational, in terms of "from then to now".

Bangla Choti Boi

A savage indictment of religious extremism and man's inhumanity to man, *Lajja* was banned in Bangladesh, but became a bestseller in the rest of the world. The Duttas—Sudhamoy and Kironmoyee, and their children, Suranjan and Maya—have lived in Bangladesh all their lives. Despite being members of a small, vulnerable Hindu community, they refuse to leave their country, unlike most of their friends and relatives. Sudhamoy believes with a naive mix of optimism and idealism that his motherland will not let him down. And then, on 6 December 1992, the Babri Masjid is demolished. The world condemns the incident, but its immediate fallout is felt most acutely in Bangladesh, where Muslim mobs begin to seek out and attack Hindus. The nightmare inevitably arrives at the Duttas' doorstep, and their world begins to fall apart.

Beautiful Souls

Fantomina and Other Works

An Unorthodox Match is a powerful and moving novel of faith, love, and acceptance, from author Naomi Ragen, the international bestselling author of *The Devil in Jerusalem*. California girl Lola has her life all set up: business degree, handsome fiancé, fast track career, when suddenly, without warning, everything tragically implodes. After years fruitlessly searching for love, marriage, and children, she decides to take the radical step of seeking spirituality and meaning far outside the parameters of modern life in the insular, ultraorthodox enclave of Boro Park, Brooklyn. There, fate brings her to the dysfunctional home of newly-widowed Jacob, a devout Torah scholar, whose life is also in turmoil, and whose small children are aching for the kindness of a womanly touch. While her mother direly predicts she is ruining her life, enslaving herself to a community that is a misogynistic religious cult, Lola's heart tells her something far more complicated. But it is the shocking and unexpected messages of her new community itself which will finally force her into a deeper understanding of the real choices she is now facing and which will ultimately decide her fate.

On the Swiss border with Austria in 1938, a police captain refuses to enforce a law barring Jewish refugees from entering his country. In the Balkans half a century later, a Serb from the war-blasted city of Vukovar defies his superiors in order to save the lives of Croats. At the height of the Second Intifada, a member of Israel's most elite military unit informs his commander he doesn't want to serve in the occupied territories. Fifty years after Hannah Arendt examined the dynamics of conformity in her seminal account of the Eichmann trial, *Beautiful Souls* explores the flipside of the banality of evil, mapping out what impels ordinary people to defy the sway of authority and convention. Through the dramatic stories of unlikely resisters who feel the flicker of conscience when thrust into morally compromising situations, Eyal Press shows that the boldest acts of dissent are often carried out not by radicals seeking to overthrow the system but by true believers who cling with unusual fierceness to their convictions. Drawing on groundbreaking research by moral psychologists and neuroscientists, *Beautiful Souls* culminates with the story of a financial industry whistleblower who loses her job after refusing to sell a toxic product she rightly suspects is being misleadingly advertised. At a time of economic calamity and political unrest, this deeply reported work of narrative journalism examines the choices and dilemmas we all face when our principles collide with the loyalties we harbor and the duties we are expected to fulfill.

Janet Frame's work is notorious for the demands it makes on reader and critic. This collection of nine new essays by international Frame specialists draws on a range of critical frameworks to explore fresh ways of looking at Frame's fiction, poetry, and autobiography. At the same time, the essays plug into the energy of Frame's work to challenge our thinking within and beyond these frameworks. *Frameworks* offers a unique perspective on Frame studies today, showcasing its major concerns as well as heralding new Frame narratives for the decade ahead. Mindful of preceding Frame criticism, these essays use their contemporary vantage-point to recast seminal questions about the relationship between Janet Frame's work and its critical contexts. Each of the essays makes a case for framing her work in a particular way, but all are characterized by self-reflexivity regarding their own critical practice and the relationship they assume between exegetical framework and Frame's work. Underlying this practice, and contained within the pun of the title, are the elementary-sounding yet fundamental questions of Frame studies: How does Frame's workwork? And how do we work with her work?

Guidance on behavioral emergencies is drawn from both clinical experience and empirical evidence, and the book's structure functions as a curriculum for educating both new and seasoned clinicians. Unique to this book are chapters on violence and suicide risk among adolescents as well as individuals who are chronically ill. Balkan Identities brings together historians, anthropologists, and literary scholars all working under the shared conviction that the only way to overcome history is to intimately understand it. The contributors of Balkan Identities focus on historical memory, collective national memory, and the political manipulation of national identities. They refine our understanding of memory and identity in general and explore and assess the significance of particular manifestations of Balkan national identities and national memories in the region. The essays in Balkan Identities grapple with three major problems: the construction of historical memory, sites of national memory, and the mobilization of national identities. While most essays focus on a single country (e.g. Croatia, Romania, Turkey, Cyprus, Albania, Serbia, Bulgaria, Greece, Macedonia), they are in dialogue with each other and share an opposition to rigid isolationist identities. Illuminating and challenging, Balkan Identities demonstrates the ever-changing nature of a troubled and culturally vibrant region.

A Half-baked Love Story

Between Sundays

Resolution of intractable problems around the world requires understanding ordinary people as well as leaders. This street-level view of Northern Ireland provides the best explanation of the twenty-five-year conflict.

Better Each Day

Barely a year after the self-immolation of a young fruit seller in Tunisia, a vast wave of popular protest has convulsed the Middle East, overthrowing long-ruling dictators and transforming the region's politics almost beyond recognition. But the biggest transformations of what has been labeled as the "Arab Spring" are yet to come. An insider to both American policy and the world of the Arab public, Marc Lynch shows that the fall of particular leaders is but the least of the changes that will emerge from months of unrest. The far-ranging implications of the rise of an interconnected and newly-empowered Arab populace have only begun to be felt. Young, frustrated Arabs now know that protest can work and that change is possible. They have lost their fear—meanwhile their leaders, desperate to survive, have heard the unprecedented message that killing their own people will no longer keep them in power. Even so, as Lynch reminds us, the last wave of region-wide protest in the 1950s and 1960s resulted not in democracy, but in brutal autocracy. Will the Arab world's struggle for change succeed in building open societies? Will authoritarian regimes regain their grip, or will Islamist movements seize the initiative to impose a new kind of rule? The Arab Uprising follows these struggles from Tunisia and Egypt to the harsh battles of Yemen, Bahrain, Syria, and Libya and to the cautious reforms of the region's monarchies. It examines the real meaning of the rise of Islamist movements in the emerging democracies, and the longterm hopes of a generation of activists confronted with the limits of their power. It points toward a striking change in the hierarchy of influence, as the old heavyweights—Iran, Al Qaeda, even Israel—have been all but left out while oil-rich powers like Saudi Arabia and "swing states" like Turkey and Qatar find new opportunities to spread their influence. And it reveals how America must adjust to the new realities. Deeply informed by inside access to the Obama administration's decision-making process and first-hand interviews with protestors, politicians, diplomats, and journalists, The Arab Uprising highlights the new fault lines that are forming between forces of revolution and counter-revolution, and shows what it all means for the future of American policy. The result is an indispensable guide to the changing lay of the land in the Middle East and North Africa.

This Broadview edition includes an introduction that focuses on Haywood's life and career and on the status of prose fiction in the early eighteenth century. Also included are appendices of contextual materials from the period comprising writings by Haywood on female conduct, eighteenth-century pornography (from Venus in the Cloister), and a source text (Nahum Tate's A Present for the Ladies).

Rising from the Ashes

The provocative classic work newly updated An intimate personal odyssey across America's changing sexual landscape When first published, Gay Talese's 1981 groundbreaking work, Thy Neighbor's Wife, shocked a nation with its powerful, eye-opening revelations about the sexual activities and proclivities of the American public in the era before AIDS. A marvel of journalistic courage and craft, the book opened a window into a new world built on a new moral foundation, carrying the reader on a remarkable journey from the Playboy Mansion to the Supreme Court, to the backyards and bedrooms of suburbia—through the development of the porn industry, the rise of the "swinger" culture, the legal fight to define obscenity, and the daily sex lives of "ordinary" people.
