This National Book Award nominee from two-time finalist Patricia McCormick is the unforgettable story of Arn Chorn-Pond, who defied the odds to survive the Cambodian genocide of 1975-1979 and the labor camps of the Khmer Rouge. Based on the true story of Cambodian advocate Arn Chorn-Pond, and authentically told from his point of view as a young boy, this is an achingly raw and powerful historical novel about a child of war who becomes a man of peace. It includes an author's note and acknowledgments from Arn Chorn-Pond himself. When soldiers arrive in his hometown, Arn is just a normal little boy. But after the soldiers march the entire population into the countryside, his life is changed forever. Arn is separated from his family and assigned to a labor camp: working in the rice paddies under a blazing sun, he sees the other children dying before his eyes. One day, the soldiers ask if any of the kids can play an instrument. Arn's never played a note in his life, but he volunteers. This decision will save his life, but it will pull him into the very center of what we know today as the Killing Fields. And just as the country is about to be liberated, Arn is handed a gun and forced to become a soldier. Supports the Common Core State Standards.

New York Times bestseller • Finalist for the Pulitzer Prize "This is a book to shake up the world." —Ann Patchett Nicholas Carr's bestseller The Shallows has become a foundational book in one of the most important debates of our time: As we enjoy the internet's bounties, are we sacrificing our ability to read and think deeply? This 10th-anniversary edition includes a new afterword that brings the story up to date, with a deep examination of the cognitive and behavioral effects of smartphones and social media.

"Eaton has done invaluable work in documenting the revitalization of communities across the U.S. by immigrants and refugees" (David Bacon, author of Illegal People). In recent years, politicians in a handful of local communities and states have passed laws and regulations designed to make it easier to deport unauthorized immigrants or to make their lives so unpleasant that they'd just leave. The media's unrelenting focus on these ultimately self-defeating measures created the false impression that these politicians speak for most of America. They don't. Integration Nation takes readers on a spirited and compelling cross-country journey, introducing us to the people challenging America's xenophobic impulses by welcoming immigrants and collaborating with the foreign-born as they become integral members of their new communities. In Utah, we meet educators who connect newly arrived Spanish-speaking students and US-born English-speaking students, who share classrooms and learn in two languages. In North Carolina, we visit the nation's fastest-growing community-development credit union, serving immigrants and US-born depositors and helping to lower borrowing thresholds and crime rates alike. Giving a voice to people who choose integration over exclusion, who opt for open-heartedness instead of fear, Integration Nation is a desperately needed road map for a nation still finding its way beyond anti-immigrant hysteria to higher ground. "This useful book provides models for civic organizations that want to tackle immigration challenges, and it paints a vivid

She grew up in a world where women were supposed to be quiet. But Malala Yousafzai refused to be silent. She defied the Taliban's rules, spoke out for education for every girl, and was almost killed for her beliefs. This powerful true story of how one brave girl named Malala changed the world proves that one person really can make a difference.

*In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, Maria escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. “A stirring and timely book.” —New York Times*

When she discovered and fell in love with fencing, a sport most popular with affluent young white people, she stood out even more. Rivals and teammates often pointed out Ibtihaj's differences, telling her she would never succeed. Yet she powered on, rising above bigotry and other obstacles on the path to pursue her dream. Ibtihaj's inspiring journey from humble beginnings to the international stage is told in her own words and enhanced with helpful advice and never-before-published photographs. Proud is an all-American tale of faith, family, hard work, and self-reliance.
