I Survived the California Wildfires, 2018 (I Survived #20) At the turn of the twentieth century book design was more than a craft. It was a labour of love at the forefront of art. Readers accustomed to today's more utilitarian book covers will find breathtaking images here - gold leaf patterns intricate enough t

A Discovery of Witches In this popular successor to *Sobriety and Beyond*, the author freely discusses the everyday problems that beset the paths of the unwary. Serenity is the key to long-term sobriety, and Father Doe explains how to get it, nurture it and keep it for a lifetime. Father Doe believes that by continually growing both mentally and spiritually we strengthen our sobriety and prepare ourselves to deal with all the challenges life has in store for us.

The Golf Log Book for Golf Players - Golf Course Yardage Book with Leather Print for Beginners and Professionals Joseph Connolly - book collector, antiquarian dealer, and acclaimed novelist - has compiled an impassioned guide and love letter to the designers, artists and authors at the heart of Faber's design story. From its beginnings in the 1920s and 1930s on to the classic years of innovation under Berthold Wolpe after the War, and from the celebrated period of collaboration with Pentagram on to the modern day, here is, as he concludes in his preface, 'a lavish celebration of the art and beauty of these magnificent covers, from just the first eighty years'. Even gazing at these so slim spines, I was taken. And at the foot of each one, the word Faber. The vitality of the design, even on these very narrow spines, compelled me to slide out the books. And the covers! Oh my goodness, the covers the colour, strength and typography were not at all brash, but merely dynamic: here, I thought, was splendour. And it was the covers that encouraged me to open the books. And to read. And then to discover.

The Richards Pens Guide to Fountain Pens In a nightmarish, post-holocaust world, an ancient evil roams a devastated America, gathering the forces of human greed and madness, searching for a child named Swan who possesses the gift of life.

She Reads Truth She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on? *She Reads Truth* tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, *She Reads Truth* is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

The Art of American Book Covers, 1875-1930 Biography of Colonel Rutledge and his wife. After the Civil War the Colonel brought his bride to Hampton Hall in South Carolina. The plantation had been in the family since 1686. There they reared six children and kept their home according to the southern code of unquestioning hospitality.

The Dangerous Gift (Wings of Fire, Book 14) Ye have not, because ye ask not (James 4:2). I BRING YOU A MESSAGE FROM GOD contained in seven short words. Six of the seven words are monosyllables, and the remaining word has but two syllables and is one of the most familiar and most easily understood words in the English language. Yet there is so much in these seven short, simple words that they have transformed many a life and brought many an inefficient worker into a place of great power. I spoke on these seven words some years ago at a Bible conference in central New York. Some months after the conference, I received a letter from the man who had presided at the conference, one of the best-known ministers of the gospel in America. He wrote me, "I have been unable to get away from the seven words on which you spoke at Lake Keuka, they have been with me day and night. They have transformed my ideas, transformed my methods, transformed my ministry." The man who wrote those words has since been the pastor of what is probably the most widely known of any evangelical church in the world. I trust that the words may sink into some of your hearts today as they did into his on that occasion and that some of you will be able to say in future months and years, "I have been unable to get away from those seven words, they have seen with me day and night. They have transformed my ideas, transformed my methods, transformed my life, and transformed my service for God."

Plastic-Free A NEW YORK TIMES BESTSELLER A paradigm-shifting book from an acclaimed Harvard Medical School scientist and one of Time's most influential people. It's a seemingly undeniable truth that aging is inevitable. But what if everything we've been taught to believe about aging is wrong? What if we could choose our lifespan? In this groundbreaking book, Dr. David Sinclair, leading world authority on genetics and longevity, reveals a bold new theory for why we age. As he writes: "Aging is a disease, and that disease is treatable." This eye-opening and provocative work takes us to the frontlines of research that is pushing the boundaries on our perceived scientific limitations, revealing incredible breakthroughs—many from Dr. David

Sinclair's own lab at Harvard—that demonstrate how we can slow down, or even reverse, aging. The key is activating newly discovered vitality genes, the descendants of an ancient genetic survival circuit that is both the cause of aging and the key to reversing it. Recent experiments in genetic reprogramming suggest that in the near future we may not just be able to feel younger, but actually become younger. Through a page-turning narrative, Dr. Sinclair invites you into the process of scientific discovery and reveals the emerging technologies and simple lifestyle changes—such as intermittent fasting, cold exposure, exercising with the right intensity, and eating less meat—that have been shown to help us live younger and healthier for longer. At once a roadmap for taking charge of our own health destiny and a bold new vision for the future of humankind, Lifespan will forever change the way we think about why we age and what we can do about it.

Codex Seraphinianus Thirty-three Master storyteller Gore Vidal's 1952 classic. The fast and furious hedonistic world of the jet-set commuting between the glamour centres of Europe is the setting for this famous novel by one of the twentieth century's most remarkable writers. Philip Warren is a personable young American who moves amongst the international demi-gods of wealth and status in search of himself and a future which will satisfy his part cynical, part romantic outlook.

You must read this book."—Susan Cain, New York Times best-selling author of *Quiet* From a New York Times best-selling author, psychotherapist, and national advice columnist, a hilarious, thought-provoking, and surprising new book that takes us behind the scenes of a therapist's world—where her patients are looking for answers (and so is she). One day, Lori Gottlieb is a therapist who helps patients in her Los Angeles practice. The next, a crisis causes her world to come crashing down. Enter Wendell, the quirky but seasoned therapist in whose office she suddenly lands. With his balding head, cardigan, and khakis, he seems to have come straight from Therapist Central Casting. Yet he will turn out to be anything but. As Gottlieb explores the inner chambers of her patients' lives — a self-absorbed Hollywood producer, a young newlywed diagnosed with a terminal illness, a senior citizen threatening to end her life on her birthday if nothing gets better, and a twenty-something who can't stop hooking up with the wrong guys — she finds that the questions they are struggling with are the very ones she is now bringing to Wendell. With startling wisdom and humor, Gottlieb invites us into her world as both clinician and patient, examining the truths and fictions we tell ourselves and others as we teeter on the tightrope between love and desire, meaning and mortality, guilt and redemption, terror and courage, hope and change. *Maybe You Should Talk to Someone* is revolutionary in its candor, offering a deeply personal yet universal tour of our hearts and minds and providing the rarest of gifts: a boldly revealing portrait of what it means to be human, and a disarmingly funny and illuminating account of our own mysterious lives and our power to transform them.

My Colonel and His Lady "Hart's argument that we need to drastically revise our current view of illegal drugs is both powerful and timely . . . when it comes to the legacy of this country's war on drugs, we should all share his outrage." —The New York Times Book Review From one of the world's foremost experts on the subject, a powerful argument that the greatest damage from drugs flows from their being illegal, and a hopeful reckoning with the possibility of their use as part of a responsible and happy life Dr. Carl L. Hart, Ziff Professor at Columbia University and former chair of the Department of Psychology, is one of the world's preeminent experts on the effects of so-called recreational drugs on the human mind and body. Dr. Hart is open about the fact that he uses drugs himself, in a happy balance with the rest of his full and productive life as a colleague, husband, father, and friend. In *Drug Use for Grown-Ups*, he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use—not drugs themselves—have been a tremendous scourge on America, not least in reinforcing this country's enduring structural racism. Dr. Hart did not always have this view. He came of age in one of Miami's most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine. His initial work as a researcher was aimed at proving that drug use caused bad outcomes. But one problem kept cropping up: the evidence from his research did not support his hypothesis. From inside the massively well-funded research arm of the American war on drugs, he saw how the facts did not support the ideology. The truth was dismissed and distorted in order to keep fear and outrage stoked, the funds rolling in, and Black and brown bodies behind bars. *Drug Use for Grown-Ups* will be controversial, to be sure: the propaganda war, Dr. Hart argues, has been tremendously effective. Imagine if the only subject of any discussion about driving automobiles was fatal car crashes. *Drug Use for Grown-Ups* offers a radically different vision: when used responsibly, drugs can enrich and enhance our lives. We have a long way to go, but the vital conversation this book will generate is an extraordinarily important step.

Narcotics Anonymous Provides teaching suggestions, a skills matrix, and activities to help students increase their critical thinking and problem-solving skills.

Medieval Cats In this absorbing interview, Bishop Athanasius Schneider offers a candid, incisive examination of controversies raging in the Church and the most pressing issues of our times, providing clarity and hope for beleaguered Catholics. He addresses such topics as widespread doctrinal confusion, the limits of papal authority, the documents of Vatican II, the Society of St. Pius X, anti-Christian ideologies and political threats, the third secret of Fatima, the traditional Roman rite, and the Amazon Synod, among many others. Like his fourth-century patron, St. Athanasius the Great, Bishop Schneider says things that others won't, fearlessly following St. Paul's advice: "Preach the word, be urgent in season and out of season, convince, rebuke, and exhort, be unfailing in patience and in teaching" (2 Tim 4:2). His insights into the challenges facing Christ's flock today are essential reading for those who are, or wish to be, alert to the signs of the times. Reminiscent of *The Ratzinger Report of 1985*, *Christus Vincit* will be a key point of reference for years to come.

Famous Leaders Among Men John Burroughs was one of the earliest and most articulate pioneers of the United States conservation movement, publishing twenty-eight books on the natural world during the height of the Industrial Revolution. As an author, teacher, and poet, he wrote with intimacy and feeling, illustrating verbal landscapes and providing philosophical insights about the environment. People by the hundreds of thousands relished his writings. His friends included Walt Whitman, Theodore Roosevelt, Thomas Edison, and John Muir. Burroughs was dedicated to studying the world and making nature come to life on the written page,

The Power and the Glitter Throughout history, patterns have come in countless permutations of motif, colour-way and scale. Yet what all have in common is the regularity of repetition, that insistent rhythm that animates a flat surface with a sense of movement and vitality and gives it depth. Tricks of the Trade Book one of the New York Times-bestselling All Souls trilogy—"a wonderfully imaginative grown-up fantasy with all the magic of Harry Potter and Twilight" (People). Look for the hit TV series "A Discovery of Witches," streaming on AMC Plus, Sundance Now and Shudder. Season 2 premieres January 9, 2021! Deborah Harkness's sparkling debut, A Discovery of Witches, has brought her into the spotlight and galvanized fans around the world. In this tale of passion and obsession, Diana Bishop, a young scholar and a descendant of witches, discovers a long-lost and enchanted alchemical manuscript, Ashmole 782, deep in Oxford's Bodleian Library. Its reappearance summons a fantastical underworld, which she navigates with her leading man, vampire geneticist Matthew Clairmont. Harkness has created a universe to rival those of Anne Rice, Diana Gabaldon, and Elizabeth Kostova, and she adds a scholar's depth to this riveting tale of magic and suspense. The story continues in book two, Shadow of Night, and concludes with The Book of Life.

Christian Prayer Leather Case "Guides readers toward the road less consumptive, offering practical advice and moral support while making a convincing case that individual actions . . . do matter." —Elizabeth Royte, author, Garbage Land and Bottlemania Like many people, Beth Terry didn't think an individual could have much impact on the environment. But while laid up after surgery, she read an article about the staggering amount of plastic polluting the oceans, and decided then and there to kick her plastic habit. In Plastic-Free, she shows you how you can too, providing personal anecdotes, stats about the environmental and health problems related to plastic, and individual solutions and tips on how to limit your plastic footprint. Presenting both beginner and advanced steps, Terry includes handy checklists and tables for easy reference, ways to get involved in larger community actions, and profiles of individuals—Plastic-Free Heroes—who have gone beyond personal solutions to create change on a larger scale. Fully updated for the paperback edition, Plastic-Free also includes sections on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren't as far along on the plastic-free path. Both a practical guide and the story of a personal journey from helplessness to empowerment, Plastic-Free is a must-read for those concerned about the ongoing health and happiness of themselves, their children, and the planet.

Riverby "Paul Larosa was a clueless kid growing up in a Bronx housing project when he was thrust into the city room of The New York Daily News as a copy boy. It was at the end of the vaunted Front Page era when reporters reveled in bad behavior; booze and anything they could get away with. A naïf trapped in a tabloid world, Paul found himself--deliriously--in the center of it all."--Publisher.

The Power of Prayer A world of art inhabited entirely by cats is introduced in this book. From the feline Mona Lisa to the white-tailed Botticelli Venus, Susan Herbert is known for her cat characters - her humorous versions of well-known paintings. In this book she explores the art of the Middle Ages. It features resplendent cats dining in medieval banqueting halls; aristocratic cats at a jousting ceremony; and humble cats huddled around a kitchen fire. These costumed cats appear against a backdrop of castles and scenery, and among the medieval illuminations and Book of Hours. The paintings are all based on authentic works of the 13th to the 16th centuries. Other titles by Susan Herbert are: The Cats Gallery of Art, The Cats History of Western Art, Impressionist Cats, and Diary of a Victorian Cat.
