Divorced 30-something Annika Niebuhr has been fascinated by snakes since her Danish childhood, and as a doctor in Sydney she has made snake bite a speciality. When a woman is brought to her having been bitten by a taipan - the world's most dangerous snake, not native to Sydney - Annika realises murder. When a close friend 'commits suicide' and then she encounters a taipan herself, she suspects a conspiracy to conceal an impending catastrophe that embraces fascinating facts and myths about snakes, and pits the certainties of science against faith, emotion and the paranormal, and whose seemingly far-fetched astrological incident - which actually happened after the book's original publication.

A poetic English rendering of Rainer Maria Rilke's Duineser Elegien printed together with the original German on facing pages. The translation places emphasis on conveying the meaning of the Elegies, although it does not attempt to retain the original meter. An additional, detailed interpretive commentary is included to aid the English-speaking reader's understanding of Rilke's complex poetry.

'Islamophobia' is a term that has existed since the nineteenth century. But in recent decades, argues Pascal Bruckner in his controversial new book, it has become a weapon used to silence criticism of Islam. The term allows those who brandish it in the name of Islam to 'freeze' the latter, making reform difficult. Christianity and Judaism have been rejuvenated over the centuries by external criticism, Islam has been shielded from critical examination and has remained impervious to change. This tendency is exacerbated by the hypocrisy of those Western defenders of Islam who, in the name of the principles of the Enlightenment, seek to muzzle its critics while at the same time demanding the right to chastise and criticize other religions. These developments, argues Bruckner, are unproductive for Western democracies as they struggle with the twin challenges of immigration and terrorism. The return of religion in those democracies is equated with the defence of fanaticism, and the right to religious freedom must go hand in hand with freedom of expression, an openness to criticism of all forms of extremism. There are already more than enough forms of racism; there is no need to imagine more. While all violence directed against Muslims should be strongly condemned and punished, defining these acts as 'Islamophobic' rather than criminal does more to damage Islam and weaken the position of Muslims than to strengthen them.

The City of Light hides a dark past When talented young violinist Fay Knox arrives in Paris from England, the city feels familiar to her. But not because she has visited Paris before. Back home, she finds an old canvas bag with a mysterious luggage tag hidden in her mother's old trunk, and soon starts to realize that her connection with the streets of Paris runs deeper than she ever imagined. As Fay traces the past, she is taken back to 1937 Paris - and the eve of her mother's life forever. When she discovers a dark secret buried years ago, Fay begins to question who she really is and where she belongs. Filled with family secrets, and the allure of Paris, Rachel Hore's A Week in Paris is the compelling story of two women living in two very different worlds who share more than a passion for music.

As they paint together on the Bavarian mountainside, young Gabriele (Ella) Muntter falls in love with her married teacher, Wassily Kandinsky. While the artist faces the disapproval of early 20th century European society, the two artists forge a partnership that will offer the world its first taste of Abstract Art. Along with Alexei Jawlensky, Franz Marc, and other members of the Blue Rider, Muntter and Kandinsky give birth to something truly new in art. Yet the good times that heady time together are not to last, certainly not past the time of the Nazi purge of "Degenerate Art." That period will test Ella's mettle as well as her devotion to art and to love. Gabriele Muntter's life is a tale of courage in the face of personal and historical crisis. Saving Kandinsky is her story.

Italy is more strongly influenced by the experiences of migrants than many other European countries. This includes an historically ongoing internal migration from the south to the north, which is strongly echoed in neo-realism; a mass emigration mainly to western Europe and North and South America that is reflected in mafia films, among others, in Italy's collective imaginary; as well as a more recent immigration influx from the southwestern Mediterranean, which is reflected in film level

The course of true love never runs smoothly, especially when the Apocalypse gets in the way—a hilarious rom-com, Bridget Jones meets Life of Brian. 30-something Marie jilts her boring boyfriend at the altar she wonders if life can get any worse. So when a handsome carpenter comes to work on her house, she realizes she has nothing to lose by asking him out. Even his bizarre assertions that he is Jesus isn't enough to put Marie off—her biological clock is ticking and it's time to settle down. Meanwhile, Satan (a dead ringer for George Clooney) is on the prowl, recruiting horsemen for next week's Armageddon, scheduled for the end of the world. And Archangel Gabriel has discovered the pleasures of the flesh and is off on a sex marathon. Things are looking grim. Fortunately, Marie is dating the devil. If God—maybe, just maybe, he can get things straightened out. Provocative and blasphemous (with added pizza), this is a wonderfully light, witty book.

Bjork is the most successful radical rock experimentalist of her generation. Contrary, inimitable, and gloriously her own, she has awed her famously for more than a decade with a swooping, querulous voice that has been likened to a glass not quite breaking. Bursting onto the Icelandic musical scene with a precocious album at the age of 11 and a series of releases in the 1980s that notably include her work with the Sugar Cubes, Bjork soon found herself with international renown as she released the jazzy Gling-Glo and her breakout solo album Debut. Since then the superstar wordsmith has continued to produce idiosyncratic, well-received works. In 1995 Bjork combined hit-making tunes with her maverick sounds to produce Post, and then after working with collaborators, Telegram. Two years later, Homogenic took listeners on a compelling journey through the outer reaches of electronica. Again abruptly in new directions, Bjork starred as a blind mother in the critically acclaimed Dancer in the Dark, producing the renowned Selmasongs soundtrack. Returning to explorations of herself the next year, she produced Vespertine, an intimate and sensual fan favorite that continues to sell well. Drawing on years of experience covering Bjork and her industry, music journalist Ian Gittins explores and celebrates the creative processes and motivations behind her amazing career history. With 70 color and black-and-white photographs, Bjork is a must-have for her legions of devoted fans.

An international sensation—with more than 1 million copies sold in Germany, and rights snapped up in 26 countries—Wetlands is the sexually and anatomically explicit novel that is changing the conversation about female identity and sexuality around the world. Helen Memel is an outspoken, contradictory one whose childlike stubbornness is offset by a precocious sexual confidence. She begins her story from a hospital bed, where she's slowly recovering from surgery and lamenting her parents' divorce. To distract and console herself, Helen ruminates on her past sexual and physical adventures in increasingly unconvincing detail; what ensues is "a headlong dash through every crevice and byproduct, physical and psychological, of its narrator's body and mind." (The New York Times) Fantastically sexual, Helen is constantly blurring the line between celebration, provocation, and dysfunction in her relationship with her body. Punky teenager, young woman reclaiming her body from the tyranny of repressive hygiene (women mustn't smell, excrete, desire), bratty smartass, vulnerable daughter, shock merchant and pleasure-seeker—Helen is all of these things and more, and her frequent attempts to assert her maturity ultimately fail. Fragile, confused, and young she truly is. In the tradition of The Sexual Life of Catherine M and Melissa P.'s 100 Strokes of the Brush Before Bed, CHLOE exposes the double bind of female sexuality, delivering a compulsively readable and fearlessly intimate manifesto on sex, hygiene, and the repercussions of trauma.
