British Qualifications A text and inbound CD for those studying recreation programming and administration, examining all facets of campus recreation, including foundational theories, programming, facilities, and management issues.

Get Ready! for Standardized Tests: Grade 2

StarGuard 5th Edition This text is intended as a guide for lifeguards, for lifeguard training instructors, and for managers of aquatic facilities who want to establish a system for selecting, training, and using lifeguards This text focuses on the skills and knowledge an individual requires to properly assume lifeguarding responsibilities at a swimming pool, water park, or a protected (nonsurf) open-water beach. This text emphasizes that additional training will need to be provided by aquatic facilities where lifeguards are employed. -Chap. 1.

CPR/AED for the Professional Rescuer

Campus Recreation Lifeguard Training Activities and Games is a complete resource for aquatics managers or lifeguard supervisors responsible for conducting site-specific on-the-job training for lifeguards. The compilation of games, skill drills, activities, and guidance enhances training and conditioning of lifeguards and creates a high-performing staff. Throughout the book, the focus is on keeping activities fun and engaging to promote participation and ensure your lifeguards acquire the skills they need in order to take action

in an emergency. The book contains more than 70 proven training activities divided into chapters by type of lifeguard skill. Each activity is short enough to be part of an in-service or class warm-up session. Most have variations, allowing for continued challenges of participants' performances through increasing levels of difficulty. The drills, games, and activities improve lifeguards' -general aquatic skills and physical fitness; -surveillance, emergency response, and rescue skills; and -teamwork and problem-solving skills. With this knowledge and training, you will be able to develop and maintain a high-performing lifeguard staff. Certification as a lifeguard is the first step in the overall training process. The real training begins on the job, and the responsibility for that training is left to the aquatics manager or lifeguard supervisor. Lifeguard Training Activities and Games makes that training fun, engaging, meaningful, and practical.

Just One Drop

Second National Aquatic Conference on Professional Standards in Aquatics and Approaches to Certification As the number of community pools and waterparks grows nationwide, participation in aquatic activities is also growing. Lifeguards must receive proper and effective training, and maintain their skills to ensure their ability to work effective with others as a part of a lifeguard team. This manual will supplement your in-service training to keep your knowledge and skills sharp.

On the Guard Jennifer Adams, best friend to Jacque Pierce and Sally Morgan, spicy, outspoken, a little crazy and humanor so she thought. Jen has just found out that human DNA is not the only thing that resides in her veins, she happens to share that little pesky werewolf gene, although it isn't more than just a drop. Now that she and her friends are living in Romania with Fane's pack, she is also oh so conveniently stuck with the object of her affection, the fur ball Decebel. Drawn to each other by something they don't understand Jen finds herself frustrated by the lack of mating signs between her and said fur ball. Not only is she dealing with that not so un-frustrating problem, she now has been informed that because of that little drop of werewolf blood in her she is now required to attend a multi-pack gathering for un-mated wolves. This type of gathering hasn't taken place in over a century but with a shortage of females among the werewolf population the males are getting worried they won't ever find their true mates. Meanwhile, Decebel struggles with the emotions he is feeling towards Jen. He tries to keep his distance but there is just something about the mouthy blonde that keeps him coming back for more of her verbal abuse that he just can't seem to get enough of go figure.

On the Guard The second book in the acclaimed new fantasy trilogy The grip of the Weavers on Saramyr's rulers has grown ever tighter. And all the while the blight that they have brought to the land grips ever more harshly. This cannot last and, sure enough, the land is slipping into civil war. In the growing chaos Kaiku and the orphaned heir-Empress must fight for their destiny and their survival as Saramyr succumbs to the twisting of the Weave and the unknowable ambitions of the secretive Weavers. Chris Wooding has created a vivid and turbulent world with an authentic oriental air and its own rich and ancient history. Across this world plays an action packed plot of politics, violence and betrayal. This is an extraordinary fantasy for the 21st century.

Responding to Emergencies Employers face a myriad of issues when hiring: how to recruit, whom to select, how to interview, Equal Employment Opportunity policies, fair salary offerings, health issues, performance evaluations, behavior/disciplinary actions, turnover, and the list goes on and on. Practical Human Resources Management for Public Managers: A Case Study Approach provides insight into human resource trends and demonstrates how complex situations can be successfully managed by public sector practitioners. The authors take us step by step into the "real world" with examples of historical events that compare "What Happened" with "What Could Have Happened" as well as suggested

readings for more in-depth analysis and important points to remember. Exploring the space between theory and what actually occurs in the world, this book supplies instructional case studies based upon actual events. The authors introduce key human resources issues with clear, concise language and provide techniques to address these issues in a real-world setting. The case studies cover legal and liability issues, recruiting and hiring, employee performance, reward and discipline issues, retention, termination, workplace violence, mentorship, motivation, and managing through transitions. The authors bring know-how from a wide array of working environments, including teaching and administrative experience in public universities and management in municipalities of various population sizes from a few thousand to more than a million. They have also worked in a variety of capacities within these organizations, which allow them to see different perspectives on how different departments handle similar situations. They use their from-the-trenches knowledge to explore pragmatic ways to deal with human resource issues in public sector workplaces.

First Aid/ CPR/ AED Participant's Manual This New American Red Cross CPR/AED for the Professional Rescuer Participant's Manual and course reflect changes based on the 2005 Consensus on Science for CPR and Emergency Cardiovascular Care (ECC) and the Guidelines 2005 for First Aid. Changes to this program and manual include simplifications to many of the CPR skill sequences, which helps improve retention. There have also been changes to help improve the quality of CPR. The integration of CPR skills into the operation of AEDs had changed to help improve survival from sudden cardiac arrest. Professional rescuers are now trained to use AEDs on adults and children. Information has been updated and added to this program to help professional rescuers administer epinephrine, aspirin and fixed-flow-rate oxygen. The skills learned in this course include adult, child and infant rescue breathing, conscious and unconscious choking, CPR, two-rescuer CPR and adult and child AED. Additional training can be added to this course including bloodborne pathogens training and emergency oxygen administration. While the skills and knowledge that professional rescuers use are increasing, this training will help you meet your most important responsibility as a professional rescuer- the responsibility to save lives.

American Red Cross Lifeguarding StarGuard is the required text for the StarGuard Lifeguard certification. This edition will develop your ability to prevent, recognize, and respond to water emergencies. It includes 2015 ILCOR and AHA guidelines for first aid and CPR and exceeds the CDC Model Aquatic Health Code (MAHC) guidelines for lifeguard course content.

Swimming Pool Management Manual This paranormal shifter romance contains steamy sex and is intended for mature audiences only. Logan Randall must marry to prevent a pack war and secure an alliance for his pack. His fiancée is everything Logan wants in a wife, but the problem is, she's not the one who makes his blood burn. Now that she's a werewolf and a freak, Freya has enough problems as it is. Attraction to an engaged man is the last thing she needs on top of that, no matter how handsome he is. Logan drives her crazy. He's bossy and possessive, even though he has no right to be. She hates him and hates what he does to her. He makes her weak for him and needy, and she makes him want something he shouldn't want. It's wrong and reckless. They know they shouldn't. They know they can't. #1 in the Randall Family series, but it is a complete, stand-alone story. Lifeguard Training Activities and Games Discusses the history and techniques of swimming and diving, safety rescue techniques, and skills for a variety of aquatic activities.

Head Lifeguard On May 22, 1931, the American National Red Cross issued its second charter for a life preserving organization to the Daytona Beach Red Cross Life Saving Corps. Composed of 30 young men aged 17 to 26 and trained in lifesaving and first aid, this volunteer corps protected 3 miles of beach, compiling daily records of the number of bathers, weather, first aid, and rescues. The neighboring communities of Ormond Beach and New Smyrna Beach maintained their own lifesaving units, and Volusia County monitored the remaining coastline. By 1972, these four corps had united, and the Volusia County Beach Patrol became one of the nation's most highly trained surf lifesaving rescue units. Protecting 47 continuous miles of Atlantic coastline, which holds the dubious honor of the shark bite capital of the world, the Volusia County Beach Patrol welcomes 10 million visitors and performs an average of 3,000 rescues annually.
