Springboard In the Middle Ages, textual amulets--short texts written on parchment or paper and worn on the body--were thought to protect the bearer against enemies, to heal afflictions caused by demonic invasions, and to bring the wearer good fortune. In *Binding Words*, Don C. Skemer provides the first book-length study of this once-common means of harnessing the magical power of words. Textual amulets were a unique source of empowerment, promising the believer safe passage through a precarious world by means of an ever-changing mix of scriptural quotations, divine names, common prayers, and liturgical formulas. Although theologians and canon lawyers frequently derided textual amulets as ignorant superstition, many literate clergy played a central role in producing and disseminating them. The texts were, in turn, embraced by a broad cross-section of Western Europe. Saints and parish priests, physicians and village healers, landowners and peasants alike believed in their efficacy. Skemer offers careful analysis of several dozen surviving textual amulets along with other contemporary medieval source materials. In the process, *Binding Words* enriches our understanding of popular religion and magic in everyday medieval life.

The Book of Oberon Inspirational Historical Romance's Rising Star On his way to interview for a position at a church in the Piney Woods of Texas, Crockett Archer can scarcely believe it when he's forced off the train by a retired outlaw and presented to the man's daughter as the minister she requested for her birthday. Worried this unfortunate detour will ruin his chances of finally serving a congregation of his own, Crockett is determined to escape. But when he finally gets away, he's haunted by the memory of the young woman he left behind--a woman whose dreams now hinge on him. For months, Joanna Robbins prayed for a preacher. A man to breathe life back into the abandoned church at the heart of her community. A man to assist her in fulfilling a promise to her dying mother. A man to help her discover answers to the questions that have been on her heart for so long. But just when it seems God has answered her prayers, it turns out the parson is there against his will and has dreams of his own calling him elsewhere. Is there any way she can convince Crockett to stay in her little backwoods community? And does the attraction between them have any chance of blossoming when Joanna's outlaw father is dead set against his daughter courting a preacher?

Bullets And Bones The way people see the past tells us much about their present interests and about their sense of identity. This book examines both what men of the day knew about their past, and in particular about the Roman Empire, and shows how such knowledge was used to authenticate claims and attitudes. These original essays, by distinguished scholars, are wide-ranging both geographically, from Russia to Iberia, and in scope, dealing with legal, ecclesiastical, noble and scholarly attitudes.

Emigre The exhibition entitled "The Masters of Byssus, Silk and Linen" (13-22 May, 2017; Rectorate Palace, Sapienza University of Rome) intends to highlight the way in which, by processing raw materials, high quality fabrics can be achieved, which are then embellished by the weaver's hand, as it was

done in ancient times with silk and linen and is still practiced today with byssus. The unwoven fibers and/or fabrics were dyed in order to add extra beauty to the fabric. The exhibition, organized by the Commodity Science Museum, the Chemistry Museum “Primo Levi” and the “Polo Museale Sapienza” (PMS), with the collaboration of the Cultural Association “Visioni e Illusioni”, with the patronage of the Polish Institute of Rome, intends to highlight the additional value of fabrics when they are processed by the Artists, who are better defined as Masters of Byssus, Silk and Linen.

The Medieval Kingdoms of Nubia Communication is the absolutely indispensable leadership discipline. But, too often, leaders and professional communicators get mired in tactics, and fail to influence public attitudes in the ways that would help them the most. This book builds on the U.S. Marine Corps' legendary publication Warfighting, showing how to apply the Corps' proven leadership and strategy doctrine to all forms of public communication. The author reveals how to orient on audiences, recognizing their centers of gravity and most critical concerns. He also teaches how to integrate and succeed with all three levels of communication: strategic, operational, and tactical. He shows how to take the initiative and control the agenda, respond to events with speed and focus, use the power of maneuver, prepare and plan, and put it all together, in order to become a "habitually strategic" communicator.

Practical Theory, Complete Prague is at the core of everything both wonderful and terrible in Western history, but few people truly understand this city's unique culture. In Prague in Black and Gold, Peter Demetz strips away sentimentalities and distortions and shows how Czechs, Germans, Italians, and Jews have lived and worked together for over a thousand years.

The Social Scientific Study of Exorcism in Christianity Rural issues are currently attracting unprecedented levels of interest, with the debates surrounding the future of 'traditional' rural customs and practice becoming a significant political concern. However, the problem of racism in rural areas has been largely overlooked by academics, practitioners and researchers who have sought almost exclusively to develop an understanding of racism in urban contexts. This book aims to address this oversight by examining notions of ethnic identity, 'otherness' and racist victimisation that have tended to be marginalised from traditional rural discourse.

Begone Satan Originally published in 1963, and today considered a landmark in twentieth century Italian literature, Luigi Meneghello's Deliver Us is the memoir, not of an extraordinary childhood, but of the very ordinary one the author shared with most of his generation, when Italy was a rural country under the twin authorities of Church and Fascism. His boyhood begins in 1922, the year of Mussolini's March on Rome, and ends when Meneghello, 21, goes up into the hills to join the partisans. Called a romanzo—a story, although not a novel, as that term usually suggests—the book is a genre all of its own that mixes personal and collective memory, amateur ethnography, and reflections on language. Meneghello's sharp insights and narrative skill come together in an original meditation on how words, people, places, and things shape thought itself. Only loosely chronological, Deliver Us proceeds by themes—childhood games, Fascist symbols, religious precepts, and the rites of poverty, of death, of eros, and of love. Meneghello's ironic musings and profoundly honest recollections make an utterly unsentimental human comedy of that was the whole world to his dawning consciousness.

*Inquisition Travel* through the Italian countryside with Joseph Bastianich in search of the country's eighty-nine finest wines. Joseph Bastianich is steeped in Italian wines like no one else. Not only is he the co-owner, with Mario Batali, of some of America's premier Italian restaurants, but he also produces wine on four separate estates—three in Italy—and is responsible for bringing Eataly, the groundbreaking artisanal Italian food and wine marketplace, to New York. His thoughtfully honed list of favorite wines makes for a fascinating journey that brings Italian wines to life. *Grandi Vini* introduces readers to the greatest wines in Italy by bringing them to the vineyards and introducing the winemakers behind the bottles. More than simply appealing to the palate, the wines on Joe's list have made an impact on the industry. In Central Italy, he recommends a stunning Sangiovese in Emilia Romagna, produced at San Patrignano, the largest drug rehabilitation center in Europe. The island of Sicily is typically known for bulk commercial wine; but now, in the unique terroir of Mount Etna, wine lovers can discover the perfectly fresh, dry white Pietramarina, produced by the forward-thinking Benati family. And we can't forget the great Barolos. Bastianich selects a specific list of wines from this legendary production region—some of which come from family outfits, like Barolo Rocche dell'Annunziata Riserva of Paolo Scavino, by the son of the winery's founder; and others that have emerged only recently, like the Barolo Cannubi Boschis made by Luciano Sandrone, a winemaker who only started producing great wine in the 1990s. *Grandi Vini* also includes a wine list in the back of the book that shares vinification, production, and website information for every wine. With lovely hand-illustrated maps locating the wineries in their various regions, *Grandi Vini* is a rich exploration of eighty-nine Italian wines that rank among the world's best—a wonderful read for any wine enthusiast.

The Power of Communication

International Bibliography of History of Education and Children's Literature (2013) A comprehensive handbook of more than 1,000 magical words, phrases, symbols, and secret alphabets • Explains the origins, derivatives, and practical usage of each word, phrase, and spell as well as how they can be combined for custom spells • Based on the magical traditions of Europe, Greece, and Egypt and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany • Includes an in-depth exploration of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes From Abracadabra to the now famous spells of the Harry Potter series, magic words are no longer confined to the practices of pagans, alchemists, witches, and occultists. They have become part of the popular imagination of the Western world. Passed down from ancient Babylon, Egypt, and Greece, these words and the rituals surrounding them have survived through the millennia because they work. And as scholar Claude Lecouteux reveals, often the more impenetrable they seem, the more effective they are. Analyzing more than 7,000 spells from the magical traditions of Europe as well as the magical papyri of the Greeks and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany, Lecouteux has compiled a comprehensive dictionary of ancient magic words, phrases, and spells along with an in-depth exploration--the first in English--of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. Drawing upon thousands of medieval accounts and famous manuscripts such as the Heptameron of Peter Abano, the author examines the origins of each word or spell, offering detailed instructions on their successful use, whether for protection, love, wealth, or healing. He charts their evolution and derivations through the centuries, showing, for example, how spells that were once intended to put out fires evolved to protect people from witchcraft. He reveals the inherent versatility of magic words and how each sorcerer or witch had a set of stock phrases they would combine to build a custom spell for the magical need at hand. Presenting a wealth of material on magical words, signs, and charms, both common and obscure, Lecouteux also explores the magical words and spells of ancient Scandinavia, the Hispano-Arabic magic of Spain before the Reconquista, the traditions passed down from ancient Egypt, and those that have stayed in use until the present day.

Prague in Black and Gold In this book, Vargas Llosa invites readers to enter into his confidence as he unravels six of his own novels and two other works of

fundamental importance to him. Vargas Llosa's native Peru, the setting and character of much of his fiction, is at the centre of his piece on "The Chronicles of the Birth of Peru" - the powerful account of the discovery and conquest of Peru by the Spaniards - which Vargas Llosa describes as "novels disguised as history". In other chapters, Vargas Llosa tells how his method of writing has evolved, discusses his attraction to Sartre's work and his days at military school, describes what it was like at nine to see the ocean for the first time, and explains the process of changing the dead language of "soap operas" (as in his own "Aunt Julia and the Scriptwriter") into the living language of serious art. He also relates why "The War of the End of the World" is his personal favourite among his novels. Throughout *A Writer's Reality*, Vargas Llosa focusses on what he sees as a central metaphor for the writer's task - to transform lies into truth.

*The Rise of Music in the Ancient World, East and West* This book presents an academic analysis of exorcism in Christianity. It not only explores the crisis and drama of a single individual in a fight against demonic possession but also looks at the broader implications for the society in which the possessed lives. In recognition of this, coverage includes case studies from various geographical areas in Europe, North and South America, and Oceania. The contributors explore the growing significance of the rite of exorcism, both in its more structured format within traditional Christian religions as well as in the less controlled and structured forms in the rites of deliverance within Neopentecostal movements. They examine theories on the interaction between religion, magic, and science to present new and groundbreaking data on exorcism. The fight against demonic possession underlines the way in which changes within the religious field, such as the rediscovery of typical practices of popular religiosity, challenge the expectations of the theory of secularization. This book argues that if possession is a threat to the individual and to the equilibrium of the social order, the ritual of exorcism is able to re-establish a balance and an order through the power of the exorcist. This does not happen in a social vacuum but in a consumer culture where religious groups market themselves against other faiths. This book appeals to researchers in the field.

Ten Cocktails Many tales are told of the Syldoon Empire and its fearsome soldiers, who are known throughout the world for their treachery and atrocities. Some say that the Syldoon eat virgins and babies-or perhaps their own mothers. Arkamondos, a bookish young scribe, suspects that the Syldoon's dire reputation may have grown in the retelling, but he's about to find out for himself. Hired to chronicle the exploits of a band of rugged Syldoon warriors, Arki finds himself both frightened and fascinated by the men's enigmatic leader, Captain Braylar Killcoin. A secretive, mercurial figure haunted by the memories of those he's killed with his deadly flail, Braylar has already disposed of at least one impertinent scribe . . . and Arki might be next. Archiving the mundane doings of millers and merchants was tedious, but at least it was safe. As Arki heads off on a mysterious mission into parts unknown, in the company of the coarse, bloody-minded Syldoon, he is promised a chance to finally record an historic adventure well worth the telling, but first he must survive the experience! A gripping military fantasy in the tradition of Glen Cook, Scourge of the Betrayer explores the brutal politics of Empire-and the searing impact of violence and dark magic on a man's soul.

Extraordinary Everyday Photography In Ten Cocktails, The Times drinks columnist Alice Lascelles uses ten of her favourite cocktails to distil the stories, recipes and tips she has amassed in more than a decade in pursuit of the mixed drink. What makes a G&T glow in the dark? Who threw the world's first cocktail party? Why does a Bloody Mary taste best at 35,000 feet? And what's the key to opening champagne with a sword? By the time you finish Ten Cocktails you will have the answers to these questions and many more, as well as an armoury of cocktail recipes for every occasion, from convivial party-starters and lip-smacking sours to slow-stirred whiskey drinks and indulgent nightcaps. Whether you've just forked out for your first shaker, or you've got your Martini mixing down to a tee, this book will have you thirsting to try new things come 6 o'clock.
