My mother and father looked at me, the harsh expressions of last night melting away as they realized that this was happening - at eighteen years old, their precious daughter was being sent away. One last time, I decided to ask the question that they'd seemed uncomfortable with answering. "Where am I going?" My father heaved a sigh as the coachman came to retrieve my suitcase and put it in the boot of the carriage. Seeing as there was no turning back now, he decided to explain my fate to me, for which I was immensely thankful. "We're sending you to Saint Severine's School for Turbulent Young Ladies. You'll attend for three years, after which the faculty will send you back home to us. If you work hard enough, you might be able to come back even earlier." He explained, his eyebrows furrowing in a guilty fashion

that made me somewhat nervous. "What am I going to learn there?" My father looked down at his feet briefly, before shifting his gaze over to my mother. She bit her lip worriedly as she looked at me - I knew that this school was not going to be a pleasant experience for me, and the fact that my parents deemed it acceptable to send me there was infuriating. I frowned, muttering my goodbyes. My parents saw me off with as much empathy and emotion as they could muster, and I climbed into the carriage with the utmost reluctance. The coachman took his seat at the front of the carriage, and suddenly, we were off. I closed my eyes, willing myself to sleep - I knew that this ride was going to be a long one.

Disciplined by the Duke An erotic novel with mixed themes including contemporary, m/f, f/f, spanking and corporal punishment. Bethany Court has been brought up by a strict moralistic code, which shatters when her long-standing boyfriend deserts her. Emotional turmoil awakens hidden desires, fired by a book in the town library where she works. It's claimed that one of Griffin Bay's most respected ladies was the head of a secret society - the Sisterhood of Sin. Images from the book, of corporal punishment games, release Bethany's own repressed sexuality. When its author, the mysterious Marcus Quill, visits for a signing and tells her the Sisterhood may still exist, Bethany determines to find the truth of it. Along the way she will draw the staff of the library, among other things, into her quest - and may end up as Griffin Bay's new Queen of Sin.

The Danger of Desire Each volume includes list of members, and "objects of the institute" (except v. 31, which has no list of members). Beginning with v. 12, a list of the papers contained in preceding volumes is issued regularly with each volume.

Tex This book uses the emerging and cutting-edge area of leisure research to highlight the importance of sexuality and sexual activity and their relevance to leisure studies. It brings to the fore some complex issues associated with this topic using a range of substantive, epistemological, theoretical and methodological approaches. Drawing on international scholarship, the book examines sexuality from multiple, and at times, competing directions, exploring the continuum of sex from work through to carnal pleasure, and across specific sexual practices including BDSM, pornography, stripping, and sex work. Drawing on critical, feminist, queer, and post theoretical perspectives, the book charts a new direction for leisure studies and sex research, including diverse understandings of leisure practice, sex positivity, fringe and deviant sex practices. Critically, the book moves beyond merely establishing sex as a leisure pursuit to focusing on the compelling and complex intersections between sexuality and leisure. This is fascinating reading for any student or researcher with an interest in leisure, sexuality, gender, cultural studies or sociology.

Hellfire Nation This book introduces and provides commentary on a selection of published and unpublished works by Victoria Welby and exponents of the Signific Movement in the Netherlands. Beyond offering an important contribution to the reconstruction of a neglected phase in the history of ideas, it evidences the theoretical topic of signification, in particular the focus on the relation of signs to value, meaning, and understanding, on verbal and

My father had summoned me to his study. I had expected him to give me a gift or some other pleasant surprise for my birthday. But as soon as I laid eyes on him, I knew something was amiss. He was ashen faced and evasive, unable to look me in the eyes. Then he told me the horrible truth. "Sophia, you are to be married," he told me, his usually confident voice reduced to a guilty whisper. "It is all arranged." Naturally, I was taken aback. "Married? But to whom Papa? I do not have a fiancé, nor have any gentlemen pressed their suit. Surely you are joking?" I could see plainly that he was not, but still nurtured a hope that he was simply playing some kind of cruel trick on me. He shook his head. "I would not joke about such a thing. Like I said, it is all arranged. The contract has been drawn up, the banns displayed. The wedding will take place one week from today." I gaped at him aghast, entirely lost for words. After a few moments I composed myself and managed to croak. "But to whom?" He looked me in the eyes, and I could tell from the pain and grief in his expression that his answer would not please me. "Lord Morgan. Lord Sebastian Morgan." I felt dizzy; my head began to spin and I almost fainted. Surely this couldn't be true? Perhaps I was dreaming, and all of this was a nightmare? Any moment now I would awake and return to a more pleasant reality. But this was not a dream. I was very much awake, and this was very real. "But Papa, how?" I cried in anguish. "I hardly know the man. We've never even been introduced. How can I marry a man who hasn't even proposed to me? How can I marry a man who I'm not in love with? A man with such a cruel and wicked reputation?" My father smiled bitterly, tears in his eyes. "Love? I'm sorry to disappoint you Sophia, but not everyone can marry for love. Some marriages are born of practicality. Some of ambition. Love often does not enter into it at all."

The Idea of the Victorian Church

The Convent School Or Early Experiences of a Young Flagellant (Annotated)

My Bondage and My Freedom In Separate Past Melton A. McLaurin honestly and plainly recalls his boyhood during the 1950s, an era when segregation existed unchallenged in the rural South. In his small hometown of Wade, North Carolina, whites and blacks lived and worked within each other's shadows, yet were separated by the history they shared. Separate Past is the moving story of the bonds McLaurin formed with friends of both races—a testament to the power of human relationships to overcome even the most ingrained systems of oppression. A new afterword provides historical context for the development of segregation in North Carolina. In his poignant portrayal of contemporary Wade, McLaurin shows that, despite integration and the election of a black mayor, the legacy of racism remains.
